

FRE-PRO

Let's keep the world smelling fresh!

EASY FRESH 2.0

- CABINET AND FRAGRANCED COVER THE PROGRAMMED AIR FRESHENER

Powerful enough to freshen even your largest spaces, Easy Fresh is the world's only air freshener dispenser that uses the fragranced cover of the dispenser as the air freshener refill itself!

FEATURES:

- Consistently releases the same level of air freshener over 30 days by controlling the fan
- In week 1, the fan turns sparingly and gradually turns more frequently until in week 4 the fan turns constantly. The green LED blinks to indicate the right run
- On day 30, the fan stops and the red LED starts to blink. If the cover isn't changed by day 33 a discrete audible alert will also sound. After changing cover, the machine needs restart for starting to run correctly again
- The machine can't work effectively without Easy Fresh Cover and alkaline C size battery
- All fragrances available only in white colour
- VOC compliant in USA and in Europe – Environmentally friendly

FRAGRANCE VARIETY AVAILABLE:

- Fabulous (Lavender)
- Kiwi Grapefruit
